Bin Activators
food-grade design

BAF

EC 1935/2004 certified

PERFECT MASS FLOW DISCHARGING

The BAF by EXTRAC® is the ultimate Bin Activator specifically designed to meet the requirements of the food industry.

With its hygienic finishing design, the EC 1935/2004-certified BAF is suitable for a variety of applications in food processing.

It excels in applications with a requirement for minimum residual of material and zero contamination.

Technical Features

- Throughput = 5 ~ 320 m³/h (3 ~ 190 cfm)
- Range: Ø 400 mm (16 in) ~ 3,000 mm (10 ft)
- Outlet Range: Ø 114 mm (4 in) ~ 406 mm (1.3 ft)
- Material: 304L / 316L stainless steel
- Hygienic Design
- High surface finishing grade
- 70% fewer welds than with traditional bin activators
- Seamless heavy-duty activator cone
- Wide range of outlet options: PN10, PN16 flanges, WAM flanges compliant with VFP Butterfly Valves and VIB Slide Valves
- No nuts and bolts inside the bin activator
- ATEX-compliant for external zone 22
- Suitable for negative pressure (-0.5 bar)
- European Regulation (EC) No. 1935/2004-certified

Benefits

- ✓ Seamless cone;
- ✓ Seamless gasket;
- ✓ Easy to fit;
- ✓ Gasket with integrated upper and lower flange ensuring safe connection;
- ✓ Zero residue, zero contamination;
- ✓ Crack and crevice-free;
- ✓ EC 1935/2004 certified.
